**Onboard Hospitality is committed to bringing its readers all the latest developments and trends in the onboard entertainment & connectivity sector. It does this through relevant content each issue plus two dedicated annual supplements.**

Each supplement is designed to update and guide our international *Onboard Hospitality* readership through the buying and supplying of onboard technology and helps them gain a clearer understanding of the main providers and suppliers of onboard entertainment and connectivity to air, rail, cruise and ferry operators. We focus on the concepts, suppliers and innovations driving growth in this sector.

The supplements are distributed with *Onboard Hospitality* in hard copy and digital form to our international database of more than 14,400 industry buyers and decision-makers. They are also available online prior to APEX and AIX and are distributed at these exhibitions free of charge.

**Content includes:**
